

Slade School

Key Stage 2 Safeguarding Policy

(Child friendly version of Safeguarding Policy)

What is Safeguarding about?

All of the adults around us think that our health, safety and welfare are very important. In our school, we respect everyone and help to protect their rights. We do our best to help everybody make good progress in their education. We are taught how to recognise risks in different situations and how to protect ourselves and stay safe.

How will we try to protect each other?

The adults try to provide a safe environment for us to learn in. We want to help to ensure that children remain safe, at home, school and everywhere in between. We think it is important for all children to know where to get help if they are worried or unhappy about something.

Need to talk?

The Designated Lead for Safeguarding is Miss Garrett - this means that Miss Garrett has the main responsibility for making sure children in our school are healthy, safe and happy.

If you need to talk - they will listen. You can talk to any adult within the school, but there are some staff who help Miss Garrett to make sure we are safe and well cared for.

Bullying

If you think that an adult or child is bullying you or someone that you know you must tell a teacher/parent/carer or someone that you trust.

Touching You

Your body belongs to you and no one else. If you do not like the way someone has touched you, you must tell a teacher/parent/carer or someone that you trust.

On your computer, tablet or phone

It is important to keep yourself safe on your computer, games console or on your phone. If you are unhappy with comments or images that you receive, report this to a teacher/parent/carer or use the CEOP button on the school webpage.

Hitting, punching or smacking

If an adult or student punches, hits or smacks you, a teacher/parent/carer must be told straight away. It will not stop unless you do.

Presents

Presents are a good thing to get but you should not take gifts without checking with your parents first. If it doesn't seem right then tell a teacher/parent/carer as soon as you can.

Important

- It is never your fault if someone is hurting or abusing you.
- There is always someone who can help you.
- If someone is hurting you they could be hurting others. Report it to a teacher/parent/carer
